Small (blooming size) bulbs of Boulogne, Crinkle Cream, Ethel C. Cole, Elizabeth The Queen, Maid of Orleans, White Gold, 4 bulbs of ONE KIND, 8c.

GREETINGS FOR 1953

When you have weeded and planted and pruned
To make of your garden a place well groomed,
When with your scissors you've snipped here and there
For the riot of blossoms some dear friend will share,
Then a health-giving tiredness deepens your sleep
And you waken refreshed when a garden you keep.
With the kiss of the sun for pardon
The song of the birds for mirth
One is nearer God's heart in a garden
Than anywhere else on earth.

—Unknown.

Another flower season is approaching and with it my best wishes for your health, happiness and good fortune. And may our prayers for lasting peace in the world be answered.

Again I wish to express my thanks for the many nice orders and letters. I appreciate your kind words and as always I will do everything I can to merit your friendship and confidence.

The past season was one of the worst, so I am short on some varieties of dahlias and glads. Please place your order early and tell me when to ship and when possible name some to use for second choice or give me permission to substitute if sold out of the variety you select. This will save time and extra correspondence.

All bulbs and plants are state inspected—guaranteed true to name, and to reach you in good growing condition. If not satisfied, let me know at once, and I will make adjustment.

All orders amounting to \$1.25 or more are sent post-paid—if less than \$1.25 please add 10c for postage. Stamps accepted for orders of less than \$1.00.

READ BEFORE ORDERING

If you live west of the Rockies and order dahlias—please add 50c to your order to help pay for “special inspection” which is required under the new plan laws.

DAHLIAS

Symbols used to describe type of bloom are as follows: (F.D.)—Formal Decorative; (I.D.)—Informal Decorative; (C.)—Cactus; (S.C.)—Semi-Cactus; (B.)—Ball; (Pom.)—Pompon; (Min.)—Miniature.

95	YELLOW GEM (Pom.)—Good long stemmed yellow	25c
SPECIAL OFFER—Eight unlabeled dahlia roots, \$2.00. These are all good named varieties—some very finest. Supply limited.		

A FEW POINTERS ON DAHLIA CULTURE

Plant tubers 4 to 6 inches deep and about three feet apart in well worked soil. I usually plant from May 20th to June 10th. Do not plant near buildings or trees—they do best in full sun. Keep top soil stirred, allow no crust to form and keep free of grass and weeds. Do not water unless very dry—then soak thoroughly once a week—a slight sprinkling will do more harm than good. As the buds develop in groups of three—remove the two side buds leaving only the middle or terminal bud and you will have large flowers with longer stems.
